1 Hr Moderate track

1.7 km Return 1 83m

This is an excellent walk with some very scenic views. The walk travels along a well used track through the thick coastal bush. The views are capped off by the vista over Sydney Harbour from the Grotto Point Lighthouse. Easy parking, a few good side trips, and in particular, the Aboriginal Engravings, make this walk all the more appealing.

#### 0.17 | Grotto Point Engravings

The engravings at Grotto Point depict kangaroos, fish and what appears to be boomerangs. The engravings are in quite good condition, considering their age. We have already lost so much of this region's history that historians are not entirely sure if this is the land of the Gayamagal or the Cammeraygal clan. Please take a great deal of care at this site to ensure the longevity of this history. More info.
