### 0 | Woodford Station

*(730 m 15 mins)* From the station, this walk heads down the stairs, off the station and turns left under the station. It then continues up to Railway Parade, opposite a shelter with a bench seat. The walk heads up Railway Pde, keeping the railway tracks to the left. The road tends right then the walk turns right onto The Appian Way. The walk follows The Appian Way, which turns into Parker St. (If you cross over a bridge, you have gone the wrong way.) The walk leads along Parker St to Taylor St, where it turns left and continues down the hill to the intersection with The Oaks Fire Trail. This is signposted at the clearing on the right.

### 0.73 | Int. Oaks Firetrail and Old Bathurst Rd

*(3.5 km 1 hr 10 mins)* Turn right: From the road, the walk heads to the gate and crosses over it. (On the lower side of the gate is a tap which provides drinking water.) From the gate and tap, the walk heads down the hill, passing a broken interpretative sign on the left, and continues to wind and undulate for quite some time. The trail passes a mound in a junction. From the mound, the trail continues to wind and undulate, turning right and steeply downhill twice, before passing a small dam (just to the left). The walk winds, with the hillside higher on the right than left, before leading up a steep slope to a small clearing with a large step.

### 4.21 | Int. Oaks Firetrail and cliff lookout Trk

*(100 m 3 mins)* Turn right: From the intersection, the walk heads away from the management trail, with the small depression (or waterhole) on the left, surrounded by reeds. The track winds up the hill, following the gap in the vegetation, leading to a rock shelf with a view.

### 4.3 | Cliff Lookout

Cliff lookout, an unofficially-named, informal view point, is a dramatic cliff edge perched just above the trees. The cliff is unfenced. The view across the valley provides a pleasant panorama.
