

Fitzpatrick Park to Georges River National Park

1 hr 15 mins

Moderate track

3

2.5 km One way

↑ 112m

This walk starts from the end of the Fitzpatrick Park driveway and follows the Georges River. The walk heads downstream along the waters edge, through the park and across the bridge, to the half way point at Henry Lawson Drive. From here the walk continues along a series of bush tracks, winding along the ridge, around to the Georges River National Park driveway.

0 | Fitzpatrick Park

This large park is situated on the Georges River and has the basic facilities such as water and toilets, as well as plenty of shade from trees and a lot of open space, making it a great spot for a family outing.

0 | End of Fitzpatrick Park drive way

(320 m 5 mins) From the end of the driveway, this walk heads through the grassy park, keeping the river on the right. There is no 'real' track as such, the walk simply follows the bank of the Georges Rivers around the park. At the end of the park, this walk crosses Yeramba Lagoon creek bridge, then turns left and heads up to the gate on Henry Lawson Drive. From the gate, the walk crosses Henry Lawson Drive to the grassy strip through the gap in the safety railing on the other side.

0.32 | Int of Lagoon bushtrack and Henry Lawson Drive

(110 m 2 mins) Turn right: From the gap in the safety railing, the walk follows Henry Lawson Drive, keeping the lagoon on the left and the Georges River on the right, The walk soon arrives at the Yeramba Lagoon car park (on the left side of the road).

0.43 | Yeramba Lagoon carpark

(70 m 1 mins) Continue straight: From the car park entrance, this walk follows Henry Lawson Drive up the hill (with Georges River on the right) for just over 60m until coming to a faint intersection with the Ridgetop bush track, on the righthand side of the road.

0.5 | Int of Henry Lawson Drive and Ridgetop bushtrack

(270 m 7 mins) Turn right: From the side of Henry Lawson Drive, this walk heads up the rocky bush track, winding past some small rock outcrops and continuing up the hill. The track continues almost to the top of the hill, where it flattens out and comes to the intersection of the un-signposted Ridgetop loop track.

Continue straight: From the intersection, this walk follows the bush track heading south-east through the bush, winding around for a short distance to the intersection of the Ridgetop service trail.

0.77 | Int of Ridgetop service trail and loop track

(140 m 2 mins) Turn right: From the intersection, this walk follows the management trail heading south-east through the bush (with Georges River off to the right, though not visible). The walk passes an intersection with a bush track then continues along until coming to the intersection with the Ridge Track (not signposted).

0.91 | Int of Ridge Track and Ridgetop service trail

(1.6 km 38 mins) Veer right: From the intersection, this walk follows the bush track heading through the thick scrub, away from the service trail and towards the river. The track bends around to the left and continues along the side of the ridge until coming to the intersection of the signposted 'Cattle Duffers Flat' track on the right.

Veer right: From the intersection, this walk follows the 'Morgans Creek' arrow along the bush track, crossing over some metal pipes and under two sets of power lines. The walk continues along the ridge for a while until it passing under a third set of power lines. The track then heads down the hill and across a small creek, to the intersection of an un-signposted bush track on the right.

Continue straight: From the intersection, this walk follows the bush track heading up through the thick bush and along the side of the ridge, keeping Georges River on the right. The track heads through some really nice sandstone rock formations, with plenty of gum trees and ferns around. As the track winds around a rock ledge, it comes to signposted track on the right (which heads down to Burrawang Reach).

Continue straight: From the intersection, this walk follows the 'Morgans Creek 500m' sign as it heads along the side of the ridge, with the Georges River visible through the trees to the right. The walk winds along until it turns down the ridge and heads down to the Georges River National Park driveway.

2.48 | Morgans Creek

This large, riverside area starts at the intersection of Henry Lawson Drive and The River Road, following the 'Georges River National Park' sign down the driveway, where it passes a large car park for the boat ramp and bends around to the right, continuing along the side of the river with several picnic areas and plenty of open space. There are toilets and taps at the northern end of the reserve, at the car park for the boat ramp.
