0 | Crosslands

Crosslands Reserve is lovely and long mixed use picnic area, spanning along the edge of Berowra Creek. There are picnic tables, electric barbecues, toilets, car parking, a children's playground, garbage bins, camping area, toilets and town water. The southern part of Crosslands is managed by Hornsby Council and the northern half by the NPWS within the Berowra Valley National Park. The first inhabitants of this area were a subgroup of the Dharug people who enjoyed the sandstone caves, fish and abundant plant life in the area. It is now managed by Hornsby Shire Council, but in 1856 Matthew Charlton asked Burton Crossland to be caretaker on this area. Burton built a house and made a living by harvesting timber, growing fruit, fishing and boat-building.
