This walk is another Royal National Park classic. The walk comes off a ridge to join with the Coastal Track's tour of the beaches. The walk starts at the small Curra Moors car park and heads through the heath and bush to the rock shelf at the coast. The track ends at Garie Beach. The beach has a kiosk and is an excellent spot for a swim (when patrolled) and a picnic. This walk is good for those who can get dropped off at the top and meet their driver at the bottom, or you may choose to do a car shuffle, or retrace your steps back to Curra Moors car park.

0 | Curra Moors Car Park

(2.8 km 52 mins) From the far corner of the car park, with the road to the left, this walk heads away from the road and into the thick heath. The track is enclosed in sections by dense foliage as it slowly descends the hill. The track in some places is deeply cut by watercourses as it makes its way to the cul-de-sac with the open service trail.

Continue straight: From intersection, this walk heads along the management trail away from the cul-de-sac. The track continues for approximately 500m through a dense wall of heath vegetation to the intersection with another management trail on the right.

Turn right: From the intersection, this walk heads down the grassy management trail towards the ocean. The vegetation either side of the track lowers in height as the track comes closer to the cliff edge. The track continues for approximately 1km before the management trail narrows into a bush track, approximately 30m before coming to the intersection.
