The Katoomba Falls are among the most famous waterfalls in the the Blue Mountains region. The Kedumba River falls about 150 meters in 2 main stages. The Undercliff Track, from the Furber Steps, can be used to access the first landing of the waterfall. The Katoomba Falls can be viewed from most lookouts in the the area, including from the bottom of the falls at Cooks Landing on Federal Pass, or from the track running next to the Kedumba River at the top of the falls. These falls are also a highlight for the trip across the Scenic Skyway.
